GENERAL QUESTION for Snipe:

1. When does polishing and cleaning become a repair activity and hence need permission from the Technical Committee?

ANSWER: Polishing and cleaning using only soap and/or water and a soft non abrasive cloth is considered cleaning and requires no special permission. Using sandpaper or similar abrasive material with 400 or greater grit will generally be considered polishing and cleaning and need no special permission. Use of a grit below 400 will be considered repair work and will require specific Technical Committee permission as per Equipment Rule 6.

Pregunta General para Snipe:

1. Cuando es que un Pulido y limpieza deviene en una actividad de reparacion que require un permiso del Comite Tecnico?

RESPUESTA:

Pulido y limpieza utilizando solo jabon y/o agua y algun pano suave no abrasive, es considerado limpieza y no requiere una permiso especial. Utilizando papel de lija o material abrasive similar de 400, o de mayor granulacion sera considerado como pulido o limpieza y no requiere de permiso especial. El uso de una granulacion menor a 400 sera considerado reparacion y requiere permiso especial del COMITE TECNICO de acuerdo a la regla de equipamiento 6 (Rule 6).
