Facts Found:

On the run, the wind was ~16 kts with short waves; the Radials were surfing the waves and changing angles significantly.

ARG was overlapped to leeward of URU, slightly ahead. ARG luffed. URU was about 2 lengths away and bore away intending to pass astern.

ARG luffed further, and URU, who was now about 1 length away, instead then luffed to keep clear. 5 seconds later, when the hulls were about half a length apart, the boom of URU contacted the mast of ARG. The mainsheet of URU touched the helm of ARG

Conclusions and Rules applicable:

URU failed to keep clear and broke rule 11

Decisions:

URU is disqualified in race 9
